These are those onetime, extraordinary costs that are
Incurred usually for major purchases of or additions to fixed assets.
The following are the most common uses of capital funds: building
sites (real estate) new building construction; expansion of an existing
building; remodeling or major repair of an existing building; initial book
stock (sometimes called an opening day collection); furnishings or
equipment for a new or remodeled building; new vehicles; major
emergency repairs or other emergency costs. It may be difficult sometimes
to determine whether a particular expenditure should be counted as capital
fund expenditures. Generally speaking, if the source of the funds was a
special appropriation or contribution earmarked for a specific major purchase
in the areas mentioned above, then the expenditure should be counted as
capital fund expenditures. These expenditures COULD ALSO come from LIRF,
BIRF/Lease Rental, Library Capital Projects Fund (LCPF), Gift Fund, Technology Fund.
